PROFESSIONAL EXPERIENCE

NewGlobe

Washington, DC/Cambridge, MA

Vice President of Research, Measurement and Evaluation (RME)

March 2022-Present

- Direct the global Research, Measurement & Evaluation team. Manage a team of approximately 12 Directors, Analysts, Research Fellows, and Project Managers across Nigeria, Rwanda, India, and the United States, assessing the effects of NewGlobe-facilitated government programs on education systems in low- and middle-income countries.
- Design and execute research and policy studies. Lead the development and implementation of experimental, quasi-experimental, and descriptive studies to evaluate the effectiveness of NewGlobe's 8 government programs and their various features, analyze operational progress, and describe the educational landscape across diverse settings in Sub-Saharan Africa and South Asia.
- Enhance organizational learning and program improvement. Facilitate a robust evidence-based feedback loop between program designers and the RME department, ensuring that NewGlobe's initiatives meet educational quality goals, increase participation, improve learning outcomes, and generate better post-primary outcomes for the over 1.8 million children and 5,000 schools served by these government programs.
- Strengthen government partner and prospective client relations. Conduct multi-day, in-person workshops with policymakers from government partners to address educational challenges and foster collaboration. Support business development by creating in-depth analyses of local educational issues for prospective clients, leveraging both primary and secondary research to drive strategic partnerships and tailored solutions.
- Establish and refined team structure and processes. Developing and implement a comprehensive internal team structure, including project management tools, enumerator training materials, government-facing workshops, and data infrastructure, to support efficient and effective program execution.

NewGlobe

Cambridge, MA

Director of Data Analytics

November 2021-March 2022

- Founded and led a centralized Data Analytics team within the Academics and Schools Groups, managing a global team of Data Analysts in the U.S. and India to develop and enhance systems for effective data analysis, measurement, and recurring reporting.
- Conducted strategic analysis and auditing of student achievement and school management data across diverse low- and middle-income countries, including Kenya, Uganda, Rwanda, India, Liberia, and Nigeria, focusing on the use of Education Management Information Systems (EMIS) and learning assessments.
- Produced internal reports that presented narratives to guide programmatic implementation and design within the Academics and Schools Groups, using insights derived from data analysis to inform and strengthen educational systems and support continuous improvement.

McKinsey & Company

San José, Costa Rica

Research Analyst, Latin America Public Sector Hub

June 2016-June 2017

- Conducted quantitative and advanced analytics research on country-level macroeconomics, financial inclusion, economic development, and education across Latin America, integrating both quantitative and qualitative approaches to benchmark legislation and policy implementation in the region.
- Developed client-ready documents showcasing research findings and key insights, effectively communicating complex analyses and recommendations for informed decision-making.

OTHER CONSULTING AND ADVISORY EXPERIENCE

Inter American Development Bank

August 2024-Present

- Assist in drafting a technical concept note on the role of AI in education, including policy recommendations for Latin America and the Caribbean, based on literature review, analysis of AI applications, and expert consultations.

EdTech Hub

September 2024-Present

- Provide expert advisory services on cost-effectiveness in education, reviewing a technical piece on Learning-Adjusted Years of Schooling (LAYS), a cross-portfolio framework on cost-effectiveness, and an academic article on digital personalized interventions.

Uwezo Uganda

- Support research initiatives conducted by the Uwezo Uganda team as the "Advisor for Research and Innovation", providing technical assistance on data analysis, and interpretation. Write policy briefs, focusing on the relationship between gender, mother tongue instruction, and early childhood education, aiming to enhance learning outcomes in Uganda.

World Bank

October 2021-March 2022

- Support the design of a quasi-experimental study to evaluate curriculum reform in STEM subjects in Armenia through a short-term consultancy.

World Bank

February-July 2021

- Lead the design, implementation, and data collection of a randomized control trial in Kenya, evaluating various parental support interventions delivered via interactive voice recordings, through a short-term consultancy.

Amsterdam Institute for Global Health & Development (AIGHD)

February 2021-April 2022

- Conduct the review and analysis of literature on results-based financing schemes in education, contributing to a report for the World Bank.
- Perform analyses for a quasi-experimental study on the impact of an agricultural intervention on farm productivity and food security in Kenya.

RISE Programme

July-December 2020

- Draft and author a peer-reviewed publication on learning inequality measures in low- and middle-income countries.
